OFFERING: 54 BULLS

- 15 Black Angus 2 Year Old Bulls
- 11 Black Angus Yearling Bulls
- 28 Red Angus Yearling Bulls

OBI WELCOME 2020

I WOULD LIKE TO WELCOME YOU TO THE
3RD ANNUAL ALLANDALE ANGUS & GOLDEN SUNSET BULL SALE

This year we have increased the 2 Year Olds from the Allandale Herd and reduced the yearling bulls as we listen to our customer base as they would like to see more bulls that can service more females for them. Most of the bulls are from the U2 Bullion 9C and U2 Prime Cut 162D herdsires and a selection of A.I. bulls Wayne felt worked best with his herd. All of these bulls on offer are athletic, good haired and well-balanced animals.

I would like to congratulate the Martin Family on their new child, Oaklynn in late 2019. They have been a very busy family over the past 4 years building a beautiful family of 5 now. Kyle is a man who tells it how it is with his bulls on offer and you have to appreciate his honesty, I know I do. The Golden Sunset program is based on their very strong cow herd and adding top end herdsires to the herd to enhance the product for their commercial customer. The bulls are not pampered and fed in a very large pen to enable them to continue to have exercise for longevity.

I have really enjoyed my time with these 2 gentlemen; the great visits we have, many hours on the phone visiting about cattle, family and life. Great bonds have been formed here and will continue for many years down the road. The sale again is the Stetson Farm and videos can be seen at www.cattlevids.ca so all the groundwork is done for you, so please do come by and analyze the bulls.

If you need any assistance, please feel to contact myself, any of the sales staff, Wayne or Kyle directly and they can go through the catalog and the bulls with and give you some direction for your needs.

Mark Holowaychuk, OBI

OBI LIVESTOCK LTD.

View Catalogue Online at www.cattlemanagement.ca
View Videos at www.cattlevids.ca ■ Online bidding at www.dlms.ca

TERMS & CONDITIONS:

- This is a Video Sale in a heated sale barn, go to www.dlms.ca for online bidding and www.cattlevids.ca for the bull videos.
- Bulls will be displayed at Wayne Stetson's Farm (1.5 Miles West of Vermilion on the Old Hwy 16 from the town of Vermilion) 2 days Prior to the sale day. Golden Sunset Bulls can be viewed at their farm prior to the sale at Vermilion, AB. (East on Hwy 16, turn North on Hwy 893 and go to TWP 524 turn West and go 3.5 miles)
- The Terms of the sale are cash or cheque payable par at the sale location.
- All Bulls will sell under the CAA standard Terms & Conditions.
- All Announcements from the auction block will take precedence over the printed material in the catalog.
- **Trucking:** If you decide to Take your bull home sale day, you will receive a \$100 Discount on your purchase. After the sale is over, you can start loading your purchases with the help from the consignors.
- **Insurance:** If the bulls are left at the respective farms, they would recommend the bulls being insured. An insurance agent will be available sale day.
- **Delivery:** Allandale Angus & Golden Sunset Ranch will deliver your bulls free of charge within 500 kms to the new owners starting April 15, 2020.
- Sale Day Weights & Scrotal Measurements will be available sale day.
- All persons who attend this sale do so at their own risk and the owners, sale management and sales staff assume no liability, legal or otherwise, for property loss or any accidents that may occur.

ALLANDALE ANGUS

ALLANDALE ANGUS

WAYNE STETSON

VERMILION, AB (780) 853-7523

Welcome To Our Third Annual Bull Sale!

After a not so great fall January and the start of February have turned out pretty good for anyone calving now. It's an exciting time to see the new babies come and watch them as they progress.

We have a big strong set of two-year-old heifer bulls and performance bulls that will put pounds on your calves. In our yearling pen, while not big in numbers, we feel are superior in quality.

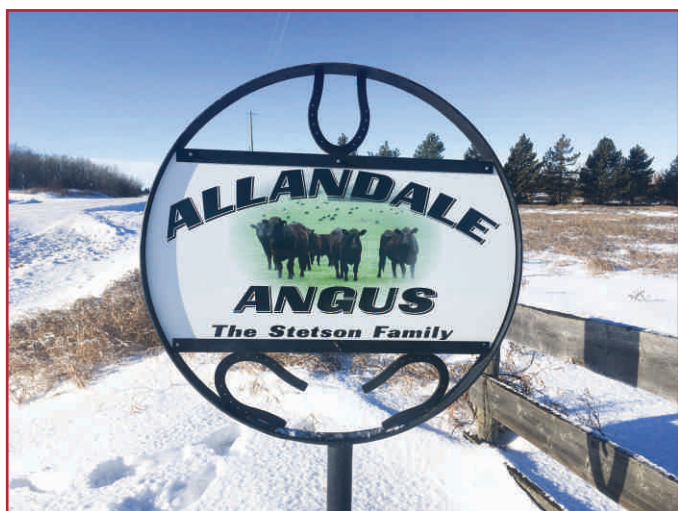

Our cows were out on grass till the middle of December then came home to start calving the first part of January. Depending on the spring most of the pairs will be back out on stockpiled grass in April. The cows are used to looking after themselves with minimal inputs and work and always come home in good shape.

Also, we would like thank Kyle and Sara Martin of Golden Sunset for being such great partners of this sale.

In closing you are invited to stop in anytime before the sale to view the offering. Also, be sure to come early sale day for a steak fry and stick around after the sale for a visit and refreshments.

See you on March 19

Wayne Stetson

This cow family was the talk of the fall at the U2 Dispersal Sale. 8109U was the cornerstone cow for the \$140,000 Erelite 109Z that sold across the line to Spickler Ranch. This cow family gets it done. Prime Cut 162D He has averaged 81 lbs for his bull calves at the farm and continues to sire very powerful bulls with lots of hip and style. 5 Sone Sell.

SAV President 6847 was the world record and top-selling bull of the 2017 SAV sale at \$750,000. Incredible in his structure and powerful in his design. President is out of the No. 1 income producing cow in SAV history, SAV Blackcap May 4136. Our 4 bulls out of President sure do fit together very well and a couple to really take a serious look at in 7G and 16G.

ALLANDALE
GEORGINA 80B
DAM OF LOT 7G

Allandale President 7G is a bull that has maternal brother in the sale, WWS 25F and he himself is also a good one. His dam, 80B is a very long and feminine cow that knows how to raise them. Good numbers here across the board. A herdsire candidate out of the \$750,000 SAV President bull. 7G carries himself so easily in the pen and always will be found by all. Good footed, deep sided, long with loads of muscle to burn, great hair coat and that herd bull look.

This is the only Allendale Charlo 58E son in the sale and he sure will add the pounds to calf crop. The power through out this bull calves comes from both sides, but the dam 34B is a very deep side, good uddered, thick made cow.

GOLDEN SUNSET RANCH

Welcome To Our Third Annual Bull Sale!

We would like to say "Thank You" to our family, friends and customers for taking time and showing support in our program. We would also like to extend that "Thank You" to Wayne for his continued support and partnership in this sale.

2019 was a challenging year for the agriculture industry. From one of the coldest winters on record, to a dry spring, then to the rain starting and never seeming to stop, making an extremely hard season for putting up feed, to an almost impossible harvest. As cattle producers we have worked hard to make it through, may 2020 be a great year in the making. The cattle market seems to be on the rise and fat cattle prices look very strong. I believe this could be the year they rise all the way to fall. This may be the year for you to keep a few more females to breed and cash in on some profits in the future markets.

We are very excited and confident in our bulls on offer this year. We believe every year our bulls are getting better and better. We encourage everyone to stop by the farm or sale to view the bulls. If you are in the market for a new herd sire, let us discuss your cow herd and their needs. Let us find a bull for you! Whether it is a calving ease bull, power cow bull or somewhere in between, we will help you find that bull to suit your specific needs.

We have moved part of our herd to calve in the summer to create some extra aged bulls. Next year will be the first year for these bulls to sell. Hopefully this helps meet some more of our customer's needs, plus the heating bill on the barn is way less in the summer, so it helps us out too! Our cows will still breed on a 42-day cycle. We still focus on fertility, maternal, temperament, soundness and performance.

If there are any bulls that you are interested in and can't attend the sale, please let us or any of the sale staff know and we will be happy to assist you. We look forward to seeing you on March 19.

It is a pleasure working with a young family so dedicated to the cattle industry as the Martins. Kyle & Sarah had better enjoy being the boss for now, as it won't be long before Isabelle will be running the ranch!

The cow herd utilize a customized mineral program that is balanced throughout the year. This helps in the proper development of the bull calves at a young age. The bulls feeding program is built to maximize forage utilization and gut health. The bulls are developed on grass with

their moms and then moved onto a balanced TMR that promotes lean muscle growth. Organic minerals are used to ensure proper immune function and overall health of the bulls. The overall nutritional health and development of the bulls and the entire cow herd is of utmost importance and is constantly being tweaked to meet environmental and seasonal conditions.

If you have any questions about the nutrition on this elite herd please contact myself.
